## EXPERIENCE

### DART Meadow, CA — Founder

October 2020 - PRESENT

Mathematician, Chemistry, Energy and Aerospace

### Radical Deepscale, CA — Founder

April 2020 - PRESENT

Mathematician, Algorithms and AI

## EDUCATION

### ITT Tech, Florida — Credit Hours

Nov 2008 - March 2009

Electronics Engineering

### Art Institute International, Fort Lauderdale — BS

June 1999 - December 2002

Media Arts and Animation

## PROJECTS

### Arc Lake — Navigation, UI, and AI

Augmented Reality Chemistry Modeling, with the option for Deep Learning, Machine Learning, NLP, further additionally, Flight Navigation.

## SKILLS

Mathematics

The Three Buoyancies - Geological, Fluid and Aerospace

Chemistry

Aerospace

Acoustics

Metal

Rocket Fuel

Artificial Intelligence

Cryptology

Classical Composer

## LANGUAGES

English.

Working on French inside Memrise.

## **Articren Wave**

Score Writing application in development [ArticrenWave.com](http://ArticrenWave.com)

## **Autumn AI— DART Edge AI Language**

AI In Development with proprietary Algorithms language syntax.

## **Lead Edge Ash Tree Reflex—Maze Path Finding Algorithm and Artificial Intelligence Reflexive Neural Network**

Maze Path Finding In Development to aid Chemistry Sensory Catalyst, LIDAR, Navier-Stokes Nozzle and McEliece Cryptology as well other outstanding Science and Technology such as DART Edge Asteroid Counteract Systems.

### **Lossless Craft— Lost Voyager Communications**

A set of Algorithms using Iterations to counteract lost Space Craft Communications.

### **DART Edge Systems — Mass Kinetics**

Orchestrating Universe Mass and Debris
